Bulk Order Minimums & FAQs

Business & bulk pricing

Qualifying bulk orders receive a 25% wholesale discount when the minimum is met for the same SKU.

To qualify for business & bulk discount, the order must meet this minimum order requirements:

- **12 oz, 1 lb, and sample packs:** 12 or more units
- **2 lb bags:** 6 or more units
- **5 lb bags:** 4 or more units

The quantity must be of one product and variant, so different coffees, sizes, or grinds don't combine toward the minimum.

Bulk orders that meet the quantity minimums follow the standard timeline: about 3–5 business days to process and ship, then typically 1–5 business days in transit. So delivery is usually around 4–10 business days after payment, depending on the destination and carrier.
