Your guests. Your occasion. The right kind of magic.

Close-up magic

Small-group entertainment while guests mingle. A natural fit for cocktails, networking receptions, casino nights and the social part of a gala.

Stand-up show

A shared performance of visual magic, mind-reading and comedy for a gathered audience. Consider it after dinner, awards or a meeting session.

A combined experience

Start conversations during the reception, then bring everyone together for a show. Agree on timing, guest coverage and room transitions before booking.

★★★★★

“Neal performed close-up magic and a 30-minute show at a recent corporate event. He was very flexible to meet our needs specific to this event. His performances were very well-received by employees and incredible! I’ve heard great things from employees. Would definitely recommend!”

Participation is welcoming and respectful. Guests get to enjoy the moment without becoming the joke. The magician has that position covered.

★★★★★

“So many wonderful things to say! First, I really want to acknowledge Neal’s professionalism and demeanor. Truly a class act. I hired Neal for an immersive cultural arts event in the theme of the Gilded Age. Neal absolutely wowed our guests with up close, sleight-of-hand type of magic! I will be definitely bringing him back for the repeat of this annual event, it really adds not only an intimate touch, but truly a shock factor that makes guests feel like they’re truly part of something magical!”
