Your Magic Begins Here

What would YOU bring to life
with a magical pencil?

Draw your creation in the space below.

My creation's name: _____

Its special magic is:

A square maze with a dotted line path starting from the top-left corner, labeled 'START', and ending at the bottom-right corner, labeled 'FINISH'. The path is a single continuous line of dots that winds through the maze, avoiding the solid black walls. The path starts by moving down, then right, then down again, and continues in a series of turns until it reaches the finish line.
