- Erosion & Sediment Control
- Site Restoration
- Shoreline & Slope Stabilization
- Seawall Remediation
- Stream & Tidal Crossings
- Pond Construction & Maintenance
- Excavation & Grading
- Underground Utility Construction: Wet & Dry Systems – Water, Sewer, Power & Communication Line Installation
- Four-Season Access Road & Driveway Construction; Gravel Road Maintenance
- Stormwater Management & Culvert Installation
- Wetland Restoration
- Environmental Controls & Compliance
- Access/Ground Protection/Crane Mat Solutions

FLEET & EQUIPMENT

Industrial Mulching Fleet

- ASV RT-135 & RT-120 – industry-leading torque for heavy forestry applications
- CAT 275XE – precision tracked mulching for technical or tight-access clearing
- CMI 400 & Prinoth Raptor 500 – high-production industrial assets for mass clearing

Heavy Excavation & Earthmoving

- Link-Belt & CAT excavators – mass excavation and utility installation
- Liebherr & CAT LGP dozers – low-ground-pressure grading and stabilization
- CAT articulated loaders and 25–50-ton articulated dump trucks
- Cranes as project scope requires

CERTIFICATIONS

Business Status: Veteran-Owned Small Business (VOSB)

HUBZone: Certified

Maine DEP: Erosion & Sediment Control, Shoreline Stabilization (O.U.R. SHORE), Stream Crossing

Maine DOL SafetyWorks: Excavation & Trenching

Safety: OSHA 30 Construction, OSHA 10, USACE EM-385-1-1 compliant

COMPANY DATA:

UEI: W7ZHSQWKC8N6

CAGE Code: 1AEB9

NAICS (Primary): 238910

NAICS (Secondary): 115310, 237110, 237130, 562910, 237990, 238990

PSC Codes: P100, F006, F999

(Full NAICS & PSC detail on page 2)

Bonding: Single project and aggregate capability

Insurance: Comprehensive corporate liability

Service Area: ME, NH, VT, MA, Upstate NY

MARKETS SERVED

Federal: USACE, DOT, federal site development

State & Municipal: MaineDOT, municipal infrastructure
